Title:	Dengue cases rising in Cuttack, Odisha			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Cuttack, SSU- Odisha			

The number of dengue patients is increasing day by day in Cuttack. So far 100 dengue patients have been identified in the city. Dengue fever is increasing in the city. The number of dengue patients is increasing, especially in the CDA region. So far, more than 100 patients have been identified in the city. While the increasing number of patients has become a cause of concern for the CMC, Cuttack Mayor Subhas Singh said that they are prepared for all situations. The mayor said that CDA area is being given special importance while cleaning the places where the garbage has fallen in different parts of the city.

In the CDA area, the CMC is cutting down unplanted trees in many places. From house to house, the CMC staff are raising awareness and discussing how people can avoid dengue. The CMC has asked to drain the water immediately. An order has been issued to take action against throwing garbage in empty places. The Cuttack mayor said that the health department is also aware of the situation. If the number of dengue patients increases in the coming days, then the plan is going on to have more beds in the medical center and Gosti health center, said the mayor. In this regard, he said,

Save Water- Save Life, Save a tree- Don't print unless it's really necessary!

Usually, during rainy days, mosquitoes breed by laying eggs. Therefore, the public is being warned so that the mosquito population does not increase. Dirty water, tin cans, and old tires can breed mosquitoes. Therefore, it is recommended to drain the dirty water in the house or drain. In the doctor's room under Cuttack district head hospital, 10 beds and two writing beds per block have been arranged for dengue patients. 60 beds have been arranged for dengue patients in Cuttack Hospital. District Chief Medical Officer Dr. Makarand Beura informed earlier that the number of beds will be increased if necessary.

Save Water- Save Life, Save a tree- Don't print unless it's really necessary!
