dinner, they had gone to sleep. At about 2 a.m., students started complaining about severe stomach pain. They had also developed other symptoms later.

The authorities have directed to collect the blood samples of the students to ascertain the exact cause behind students falling sick. The authorities have also sent the sample of chicken for testing. Vijayanagara District Commissioner Diwakas has visited the students in the hospital and stated that once the reports are available, strict action will be initiated against the guilty.

The authorities have suspected that the students fell sick after eating chicken in dinner. The investigation has been taken up.
